

Scheduleurm certificate: four-regime actions to robust MaxWeight claims

a Four workload regimes define the action fabric

b Measured-service action table

row	lower service	penalty	oracle	status
declared q00-q11			0 gap	admit
candidate cover			check	admit
external policy row			bounded	diagnostic
unmeasured state			-	probe/defer

c Slack test for theorem-facing claims

residual drift margin

claim scope
